Frankly in Love by David Yoon
As Many Nows As I Can Get by Shana Youngdahl
We Are Displaced by Malala Yousafzai

Everybody's Talking

Penny Power: An artist from Arizona, USA uses an unusual canvas for her work: pennies. Bryanna Marie experimented with using oil paint on copper. She was looking for a challenge and decided to try painting scenes on the copper coins. Because of their size, she had to work carefully and patiently to produce the miniature works of art, which include outdoor scenes, animals and flowers. She was thrilled with the results.
Place to Visit: Visitors to Mexico should not pass by a gem of a place called Merida. This colonial city is only about a 3 ½ hour drive from the resorts in Cancun. The architecture is colourful and there is a plentiful supply of cafes and artisan boutiques. Not only that, but local food is delicious, with papadzules and panuchos in every restaurant. The city is rooted in Mayan culture, and there are many archaeological sites in the vicinity.

Did You Know...

Cotton Candy: Tennessee candy makers William Morrison and John C Warton presented the world's first cotton candy machine in 1904 at the St Louis World's Fair. They called their product "Fairy Floss" and sold it for 25 cents
No Waste: In Sweden, environmental efforts are so efficient that barely one percent of waste ends up in landfills. About half of the country's household waste is recycled and the other half is incinerated in special power plants that generate heat for homes.
Big Birds: The California condor is big, from 3.5 to 4.5 feet (1 to 1.4 metres) tall. But the wingspan, which can be as wide as 10 feet (3 metres), is really spectacular. These birds can soar without a wing flap for several miles.

On the Lighter Side

What do you do if King Kong sits in front of you at the theatre?
Miss the entire movie.

Ben: "Did you take a bath?"
Ken: "Why? Is there one missing?"

You know you're getting old when the only thing you want for your birthday is not to be reminded of it.

What is red and bad for your teeth? A brick.

Quotes of the Month

"Dreams are necessary to life." Anais Nin

"We are an intelligent species and the use of our intelligence quite properly gives us pleasure." Carl Sagan

HHSS Husky Series Book Club

The library at Huron Heights sponsors one book club – the Husky Series. Looking forward to meeting

with you January 10th, 2020 for the first meeting of the year. We will be meeting during the 2nd half of your lunch in the library. Please speak with Miss Reoch for further information.

The Writers Corner

Do you enjoy writing? Ever consider submitting your work to a writing festival? If not, take a look at these possibilities!!
